Artificial Intelligence in Design '91: Conference Proceedings

Artificial Intelligence in Design '91: Conference Proceedings

Artificial Intelligence in Design '91 is a collection of 47 papers from the First International Conference on Artificial Intelligence in Design held at Edinburgh in June 1991.

The papers in this book are grouped into 13 headings, starting with a background of AI design systems and to which extent AI that results from being used as planning tool be applied to quality-oriented design processes in architecture. A constraint-driven approach to object-oriented design is also shown on real-world objects. The use of CADSYN in the structural design of buildings is examined, along with design-dependent knowledge and design-independent knowledge. Discussions on empowering designers with integrated design environments are given whereby design objects may be retrieved from catalogues without requiring users to form queries. Mention is given to automated adjustment of parameter values frequently used in computer routine applications.

The book also introduces the Computer Aided Design (CAD) as applied to architecture. Design representation using data models, non-monotonic reasoning in design, and the cognitive aspects of design using empirical studies are discussed. Topics of the industrial applications of AI in design, such as the needed steps to develop a successful AI-based tool, and a review of the Castlemain Project and telecommunication distribution networks follow.

This book is suitable for programmers, computer science students, and architects and engineers who use computers in their line of work.

From reader reviews:

Johnnie Gonzales:

The book Artificial Intelligence in Design '91: Conference Proceedings can give more knowledge and also the precise product information about everything you want. Exactly why must we leave the great thing like a book Artificial Intelligence in Design '91: Conference Proceedings? Some of you have a different opinion about reserve. But one aim which book can give many facts for us. It is absolutely correct. Right now, try to closer with the book. Knowledge or facts that you take for that, you may give for each other; you could share all of these. Book Artificial Intelligence in Design '91: Conference Proceedings has simple shape however you know: it has great and large function for you. You can appearance the enormous world by start and read a e-book. So it is very wonderful.

Richard Powe:

In this 21st one hundred year, people become competitive in every way. By being competitive right now, people have do something to make these survives, being in the middle of the actual crowded place and notice by simply surrounding. One thing that sometimes many people have underestimated the idea for a while is reading. Yeah, by reading a book your ability to survive improve then having chance to remain than other is high. For you who want to start reading some sort of book, we give you that Artificial Intelligence in Design '91: Conference Proceedings book as beginner and daily reading e-book. Why, because this book is usually more than just a book.

Maxine Whitley:

Playing with family within a park, coming to see the water world or hanging out with pals is thing that usually you might have done when you have spare time, in that case why you don't try matter that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Artificial Intelligence in Design '91: Conference Proceedings, you can enjoy both. It is good combination right, you still would like to miss it? What kind of hangout type is it? Oh occur its mind hangout people. What? Still don't obtain it, oh come on its called reading friends.

Ruby Guillen:

Are you kind of active person, only have 10 as well as 15 minute in your morning to upgrading your mind ability or thinking skill even analytical thinking? Then you are receiving problem with the book compared to can satisfy your limited time to read it because all this time you only find guide that need more time to be read. Artificial Intelligence in Design '91: Conference Proceedings can be your answer because it can be read by a person who have those short time problems.
