After technology fails the Governance, Gage is sent to fetch a raven tracker to locate the president's abducted son. He acquires her from a warm, arousal-scented breeding bed. Reina is captivated by every aspect of the battle vessel Raze, and the handsome, foreboding general who commands it. To accomplish the mission and keep her clan safe, she must trust and serve Gage. As Reina deploys her powers to aid the Governance, Gage learns that controlling and taming his raven requires more than he first imagined. Military protocol is forgotten as he uses her sexual hunger to teach trust, restraint and control. Her ultimate willingness to submit could mean the difference between life and death. Reader Advisory: There's a short scene of F/F pleasure—watched by our hunky hero, of course.
