Mapping Crime in Its Community Setting: Event Geography Analysis Michael Maltz, Andrew C. Gordon, Warren Friedman

Gathering accurate data probably constitutes one of the most important aspects of crime investigation and prevention. How do we put the data to use? How can we improve our methods of handling the information we collect? By describing a project for the development and implementation of a computerized crime-mapping system in the Chicago area, this book makes a significant contribution toward a more efficient and intelligent use of crime data to understand and prevent crime in a community setting.
