MasterClass in Geography Education: Transforming Teaching and Learning Bloomsbury

MasterClass in Geography Education provides a comprehensive exploration of the major themes in geography education research and pedagogy, drawing on international research. The editor draws together a variety of professional, academic and practitioner perspectives to support professional development of geography teachers. The book incorporates discussion of the place of subject knowledge in geography, the role and function of research in geography education and the relationship between research and practice.

Topics covered include:

- research and professional practice
- constructing geographical knowledge
- ethical considerations
- carrying out research projects

MasterClass in Geography Education will be essential reading for all studying the teaching and learning of geography on PGCE and Education MEd/MA courses.
