**The Economics of European Integration** Richard Baldwin, Charles Wyplosz

Now in its 5th edition, the Economics of European Integration guides students through the facts, theories and controversies surrounding the dynamics of European economics. With clear and comprehensive discussions about European history, law, institutions, politics and policies, students are encouraged to explore and analyse the contemporary status of integration within the European Union. Designed for students taking modules in European economics, the text provides in-depth analysis of economics arguments with examples, illustrations and questions to help bring this thought-provoking subject to life.
