Now, Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers, and each volume is beautifully packaged with a unique type-drive design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world.

One of the most iconoclastic thinkers of all time, Friedrich Nietzsche continues to challenge the boundaries of conventional religion and morality with his subversive theories of the 'superman', the individual will, the death of God and the triumph of an all-powerful human life force.
