In *America's Ticking Bankruptcy Bomb*, conservative policy expert Peter Ferrara explores the issue that will be THE hot-button topic from now until the 2012 presidential election: the looming bankruptcy of the federal government of the United States of America. Providing indisputable evidence that the American welfare state, aggressively expanded by Barack Obama and the Democrats in Congress, is on the verge of rapid and total collapse, Ferrara offers concrete proposals for reforming entitlement programs along free market lines that will shift responsibility from centralized bureaucracies to individual Americans. For every concerned citizen, *America's Ticking Bankruptcy Bomb* is a must-read—a blueprint for avoiding the impending catastrophe before it's too late.
