## **Lark Ascending** Jessica Stuart

Do time travelers, who fall back in time, change events in history? Nature and time abhor a paradox, and so, when a twenty-first century, middle-aged woman tumbles through time and lands in Scotland shortly after the Battle of Glen Shiel, she becomes part of history. She lives and loves in an extraordinary period of change and innovation, using a little of her modern knowledge to support progress, during social, religious, and political upheaval.

This extraordinary story is more than your Scottish laird falls for a mysterious, lovely lass romance. This historical fiction draws the reader into the events and lives of eighteenth-century characters, some real, and some . . . well you decide.
