Plato's Republic: A Study

Professor Stanley Rosen

Plato's Republic: A Study Professor Stanley Rosen

In this book a distinguished philosopher offers a comprehensive interpretation of Plato's most controversial dialogue. Treating the *Republic* as a unity and focusing on the dramatic form as the presentation of the argument, Stanley Rosen challenges earlier analyses of the *Republic* (including the ironic reading of Leo Strauss and his disciples) and argues that the key to understanding the dialogue is to grasp the author's intention in composing it, in particular whether Plato believed that the city constructed in the *Republic* is possible and desirable.

Rosen demonstrates that the fundamental principles underlying the just city are theoretically attractive but that the attempt to enact them in practice leads to conceptual incoherence and political disaster. The *Republic*, says Rosen, is a vivid illustration of the irreconcilability of philosophy and political practice.
