*Paul Hollander*

**The Only Super Power: Reflections on Strength, Weakness, and Anti-Americanism** Paul Hollander  
In *The Only Superpower: Reflections on Strength, Weakness, and Anti-Americanism*, Paul Hollander examines anti-Americanism (including the relationship between the foreign and domestic varieties), American culture (especially mass culture), the lingering political and cultural influences of the 1960s, and the controversial relationship between the realms of the personal and the political. He also revisits the part played by hatred, and especially the scapegoating impulse, in social and political conflicts. The essays range widely, from Michael Moore's political celebrity, the American love for SUVs, and getting old in America to Islamic fanaticism and the aftermath of the fall of Eastern European communist systems.
