I used to think I knew all the answers; now I no longer even know the questions –Goro

Under the totalitarian reign of the 23rd century's world government-the Sovereign Regime-control is made possible by the identity chip implanted in every human being, recording everything that is seen, done, and experienced.

No more bank accounts. No more smart phones. No more secrets.

When Goro inadvertently overhears an exchange of sensitive information, causing him to confront the truth about his world and prompting him to choose his true loyalties, his dream of revolution kicks into high gear. Goro doesn't know he has covert intel in his possession both the SR and the resistance movement are desperate to acquire.

Determined to bring down the world government, he and his closest friends gain access to the key to ultimately deciding who has sovereignty.

But who will get to Goro first: the resistance or the Sovereign Regime?
