What makes some training programs successful while others produce disappointing results? The answer, says Ron Stone, lies in the processes trainers employ to determine needs, design and develop programs, deliver the training, and partner to get business results. It is time to reexamine these processes, says the author, and bring them into the twenty-first century. In *Aligning Training for Results* Stone provides a potent, comprehensive, and versatile resource to help guide trainers through assessing, designing, and delivering training solutions that achieve real and measurable results.
