Proyecto Arcadia (Bonus) (Spanish Edition) Greig Beck

Cuando en el transcurso de una terrible tormenta un avión se estrella en la Antártida, dejando expuesta una enorme cueva subglacial, un equipo de investigación y rescate es enviado al lugar. Veinticuatro horas después, todo contacto con ellos se pierde.

El capitán Alex Hunter y su equipo de soldados de élite son enviados allí para averiguar qué ha ocurrido. En el interior de esas cavernas encuentran una sustancia no identificada, pero no hay ni rastro de posibles supervivientes. Extraños y primitivos jeroglíficos cubren sus paredes: códigos secretos, la llave para desenterrar una antigua civilización... Se ha liberado un arcano mal; los miembros de la expedición caen uno a uno, y ni siquiera Alex Hunter, nombre en clave Arcadia, puede evitarlo.
