A live animal leaping out of a video game? Unbelievable. And yet there it is in Macka's lap: soft and smelly, alert and terrified, like a real animal; but also glowing with strange energy.

Can she get it back into the game alive? And - if she goes in herself, can she get *out*?

'Intriguing, accessible and highly original.' - *Reading Time*

'A fascinating mystery/adventure with a thought-provoking message.' - Margaret Dunkle, *Australian Bookseller and Publisher*
