Boris Cyrulnik

Cuando un niño se da muerte (Resiliencia) (Spanish Edition) Boris Cyrulnik

¿Cómo entender el suicidio de un niño? Este impactante y desatendido fenómeno constituye el núcleo de reflexión de la nueva obra del doctor Boris Cyrulnik. El sentido de la muerte entre los menores, nos recuerda el autor, se va modificando con la edad y nunca es el mismo que se tiene en la edad adulta. Cyrulnik no postula una sola motivación para explicar esta dolorosa problemática, sino que aplica un enfoque en el que integra diversos factores, como las transformaciones en la civilización, con los flujos migratorios y sus consecuencias de desarraigo en los más jóvenes; o los cambios sociales que debilitan los vínculos de apego y empobrecen el nicho afectivo del menor. Existen, de este modo, aspectos individuales y familiares muy relevantes y a tener en cuenta, pero sin olvidar que se trata en gran medida de un problema social de complejo análisis y resolución, en el que la sociedad tiene aún mucho que elaborar. En diversos países se ha podido verificar la eficacia de una serie de políticas de prevención, como la promoción de la estabilidad emocional, o el fomento de las estructuras de socialización y el de las políticas de integración, frente a la mera asimilación. Este libro indispensable constituye una llamada y una invitación, con propuestas concretas a los políticos, familias, escuelas y a todos los especialistas en la infancia.
