Il computer: Presentato da N.Her(d)man & Picci (Italian Edition) Fabrizia Scorzoni

Saper usare il computer è diventata una cosa indispensabile sia nel lavoro sia per il divertimento; serve ormai per fare mille cose anche nella vita quotidiana.

Scrivere una lettera, riordinare le proprie fotografie, ascoltare musica, guardare un film, perfino giocare, sono attività che possono diventare molto più facili e divertenti se svolte con l'aiuto del computer.

Ma come fare se non si è mai usato il computer e non se ne sa nulla?

Come orientarsi nel vasto mondo dell'informatica, pieno di sigle astruse, dettagli tecnici, programmi diversi?

Questo libro aiuta a capire che cosa si può fare col computer e che cosa è necessario imparare per riuscire a farlo.

Non è un manuale, è un libro che si legge come un romanzo e che permette di avere una panoramica sull'argomento anche a chi è completamente digiuno di informatica.

Le vignette di N.Her(d)man & Picci sono di Valentina Bandera.

Fabrizia Scorzoni è insegnante di informatica e scrittrice.

Valentina Bandera è architetto, interior designer e illustratore.
