Cada vez mais as descobertas das Ciências Exatas deverão ser iluminadas pelas contribuições das Ciências Humanas, onde se situa o Direito. O livro aponta para as mudanças que estão sendo promovidas no Direito: ele não se apresenta mais como um conjunto abstrato de idéias normativas, mas passa a se projetar e locomover num espaço onde são conjugadas as suas diversas fontes, criativamente reinterpretadas a partir dos princípios e valores inscritos na Constituição da República e alicerçadores do Estado Democrático de Direito.
