Malos padres: Modelos de intervención para recuperar la capacidad de ser madre y padre (Terapia Familiar) (Spanish Edition) Stefano Cirillo

Malos padres proporciona pautas teóricas novedosas y un enfoque particular para afrontar la problemática de violencia, abuso y descuido de los niños por parte de sus propios padres.

Stefano Cirillo nos traslada su experiencia de 30 años como terapeuta especializado en padres de familia que no solo no piden ayuda sino que niegan, además, la necesidad de tratamiento, al no considerarse "malos" en absoluto.

El tratamiento de personas maltratadoras debe ser riguroso pues solamente una intervención y una cura eficaces pueden romper definitivamente la cadena de violencia que se transmiten de generación en generación. Stefano Cirillo nos propone aquí los instrumentos operativos y modelos de intervención que deben guiar a los agentes participantes acudiendo a la ilustración de casos concretos y a un estilo sumamente didáctico.
