**Dancing About Architecture: A Little Book of Creativity (The Independent Thinking Series)** Phil Beadle

Dancing about Architecture: A Little Book of Creativity is a compendium of outrageous ideas: ideas about how to take more risks, and about how to go about coming up with better ideas. Ideas about how to plan experiences that leave people who are in the same room as those ideas awestruck, and ideas to help you avoid the textbook, the worksheet the barely stifled yawn. From using The Book of Revelation as a planning device; to seeing every experience through the prism of physical activity or song; to measuring a poem to find its real heart; it outlines a methodology that, if you use it, will make you an even greater creative force than you already are.
