## **Sow the Wind, Reap the Whirlwind** Bill Prickett

Peter Brossard wants to make a difference in his new job. He also hopes the cross-country move will give him a renewed sense of purpose and peace from his troubled past. What he finds is blatant bigotry, internal power struggles, lack of social consciousness, amorous advances from his beautiful next-door neighbor, illegal drug use, an unpopular friendship and a bounty of sexual secrets. It's not what he expected when he took the position as Youth Minister at a prestigious Southern Baptist Church in an affluent suburb outside Birmingham, Alabama. He's also impacted by people he meets who are working to change their world for the better. And in the course of his discoveries, he will encounter "the Wind," the divine force that gives him the courage to confront his past, face the grief and doubts of devastating tragedy and make the decisions required to transform his future. *Sow the Wind, Reap the Whirlwind* is not a "religious" novel, but a story about people dealing with life situations and struggles in a deeply religious culture.
