Tiempos de pruebas: los usos y abusos de la evaluación (Spanish Edition) Stobart Gordon

¿Qué nos aportan realmente los tests de inteligencia y de capacidades? ¿Las pruebas objetivas utilizadas en las evaluaciones minan los aprendizajes?.

El autor de este libro sostiene que la evaluación determina el modo de vernos a nosotros mismos y nuestra forma de aprender. En un momento en el que se clasifica a las personas con arreglo a sus capacidades, estilos de aprendizaje o por su rendimiento, examina con minuciosidad los fundamentos de esas clasificaciones.

Muestra también

que, en nuestra cultura, donde los tests y pruebas objetivas gozan de una importante aceptación, la evaluación puede socavar a menudo los aprendizajes relevantes,

fomentando una instrucción superficial "para el examen" y considerando los resultados de las pruebas como fines en sí mismos. El autor investiga cómo podemos preparar evaluaciones que generen aprendizajes más significativos y profundos.
