-Jean Denis Talon, President and CEO, AXA

"This is the reference book that you need to pick up and consider periodically as you plan, analyze, select, and roll out enterprise software."

-Stuart Sackman, Vice President, ADP

"This book is a perfect starting point for any organization wishing to improve their services delivery through the implementation of a PSA product. It provides a clear overview of all of the aspects to consider when evaluating PSA products as well as how to avoid the stumbling blocks to successful PSA implementation."
