The Psychozone: Kidzilla and Other Tales David Lubar

Don't bother looking for PsychoZone on a Map. It's not a place...but a state of mind where the worlds of reality and imagination collide. A place where a kid can wake up and have morphed into a giant lizard. Or where one can place a long distance phone call...to the future. Or where the monsters of your worst nightmares come alive, and where car trips that are *sooo* boring you think they'll last forever...

In the PsychoZone.
