*Lincoln Child*

**Tormenta (Jeremy Logan 1) (Spanish Edition)** Lincoln Child

**Una trepidante novela *techno-thriller* en la que la ciencia puntera se confunde con las pesadillas más siniestras... y quizás no totalmente imposibles. Un caso que solo podrá resolver el profesor de Historia Medieval de la Universidad de Yale y enigmólogo Jeremy Logan.**

Una plataforma petrolera del Atlántico Norte solicita urgentemente la ayuda de un médico, el doctor Peter Crane. Este, al llegar, se encuentra con un panorama desolador: un gran número de trabajadores sufren una confusa variedad de síntomas extraños. A pesar de que no consigue un diagnóstico claro, las investigaciones del doctor Crane revelan datos asombrosos.

La plataforma se levanta sobre una estructura de muchos niveles habitada por científicos y técnicos que se dedican a un proyecto ultrasecreto: localizar e investigar los restos de una antigua y sofisticada civilización, la legendaria Atlántida. Para ello se ha construido un laboratorio dotado de la más avanzada tecnología, que les permite penetrar en la corteza terrestre hasta más de tres kilómetros de profundidad.

Para Crane empieza una aventura escalofriante. Este proyecto podría haceremerger de las profundidades abismales del océano el mayor descubrimiento arqueológico de la historia... o quizás el más terrorífico.

**Clive Cussler ha dicho...**

«Child narra su historia con estilo y capacidad de fascinar. El suspense está perfectamente creado. Una historia submarina original y que deja huella.»
