Ronald J. Sider

### Testing the Possibilities of Nonviolence

"Every once in a while a book substantially changes the conversation, and even the posture, of the church. What Ron Sider's *Rich Christians in An Age of Hunger* did to change how Christians think about poverty, *Nonviolent Action* promises to do for how we think about war. It is not just for pacifists. It is for skeptics, war hawks, liberals, and conservatives."

--**Shane Claiborne**, author, activist, and founding partner of The Simple Way

"Ron Sider's powerful blend of scholarship and passion has gripped me! I fully endorse Ron's call to an organized, active campaign of nonviolence."

--**Lynne Hybels**, advocate for global engagement, Willow Creek Community Church

"When Ron Sider talks, I listen. When he writes, I read. Whether or not one is a pacifist--I am not--one has something to learn about the power of nonviolent protest and resistance from Dr. Sider's careful and thoughtful study of successful nonviolent movements against tyranny and oppression."

--**Robert P. George**, Princeton University

"This wise, balanced, and inspiring book is a richly instructive guide for all who have pledged their allegiance to the Savior who is also the Prince of Peace."

--**Richard Mouw**, Fuller Theological Seminary (from the foreword)

"Gandhi and King are not anomalies. Ron Sider shows that these outstanding witnesses to nonviolence are part of a long and often-successful tradition. I hope this book of case studies inspires more people to seek the knowledge and training that Christian action for justice requires."

--**David Neff**, speaker, writer, and former editor-in-chief of *Christianity Today*

"[A] persuasive book. . . . Sider recognizes that civil disobedience often functions as only one factor among many in ending oppression--but often the one that tips the balance. . . . Proponents of just war and pacifists need to recognize they are often on the same side and work together to make war a true last resort. History shows they can."
