Political Theory and the Modern State

David Held

Political Theory and the Modern State David Held

This volume offers an incisive overview of central issues and controversies in political thought and analysis. It includes major discussions of the idea of the modern state, contemporary theories of the state, problems of power and legitimation, new forms of democratic ideal, citizenship and social movements, the direction of public policy and the fate of sovereignty in the modern global system. While analysing these topics, the author critically assesses the thought of many of those who have contributed decisively to political discussion. Among those whose works are discussed are classic figures such as Hobbes, Locke, Mill and Marx, as well as contemporary writers such as Habermas, Offe and Giddens.

Political Theory and the Modern State is an ideal resource for students seeking an introduction to modern politics and political sociology. It is also an original statement about the many competing perspectives in political thought today.
