## **Reciprocidade e Contrato (Portuguese Edition)** Luis Renato Ferreira da Silva

A obra enfoca o papel que a reciprocidade das prestações (o sinalagma contratual) desempenha para justificar a manutenção da vinculatividade nos contratos, estabelecendo um exame do tema à luz da controvérida e debatida questão da causa dos contratos. Para tanto, após uma evolução histórica do papel da causa e da noção de sinalagma desde o direito romano, debruça-se sobre decisões do Superior Tribunal de Justiça para vislumbrar tal papel nas relações contratuais. Visto esse papel de manutenção, estende-se a análise para aquelas relações (denominadas “paracontratuais”) nas quais falta o elemento volitivo, mas há reciprocidade, para ver nesta a causa da obrigatoriedade de relações que não são contratuais mas produzem efeitos contratuais.
